

We have had a fantastic day filled with first hand experiences, expert knowledge and informative and specialised practice. You have been so hospitable and given us lots of inspiration and momentum.

Amazing, inspiring committed staff. It's great sharing our own experiences. Great ideas about the environment and how to create a world of wonder and discovery.

Beautiful, inspiring school. Warm, friendly, informative staff. Each session was well delivered, and the presentations were very well set up and artfully put together. Very happy to have learnt more about the Froebelian approach. Have lots of ideas to take away. Lovely to meet the New Zealand colleagues too.

Fantastic, inspiring day. Really informative and interesting to talk to staff about their experiences. Taken some great ideas that we can use in our setting. Using the occupations as an intervention is a great idea and something I would like to explore further.

We liked the aspect of seeing the whole grounds and staff were so inviting. Natural resources, we really liked how they were used. Maybe have some more practical experiences within the workshops?

Thank you. It was really interesting, informative and inspiring. Great to look around. Amazing resources. Brilliant to look around at layout.

A really lovely, relaxed day with friendly staff. Very informative, well organised. Good rest breaks – nice to sit and have lunch provided. Very inclusive, very enthusiastic which motivated our brains.

Great to see another maintained nursery school. Good to talk to staff and find out how they do things. Good to build on knowledge of Froebelian approach to continue to develop principles at our setting.

You and your staff are very knowledgeable and engaging and clearly have a shared language and understanding of Froebel in practice. Amazing experience - really fits with my way of thinking about learning and children. Amazing facilities as resources and the staff were great too. Thank you.

Great day. Inspired me. Going away with lots of photos and great ideas.

Great introduction to Froebel. Lovely ideas picked up through the activities. Thank you.

Lots of ideas to take back to nursery. Very inspiring. Beautiful, inspiring nursery. Thank you.

Enjoyable, relaxing day. Informative. Going back to our nursery with some great ideas.

Lovely displays / workshops. The children's work was lovely to see. Thank you for inspiring us and having us all.

Thank you so much It has been so inspiring and thought provoking. Having the whole team here together has enabled us to develop our Froebelian knowledge and a shared culture.
