

Getting started with sewing, threading and weaving

online training course

Date: 12th Mar 2024

Time: 4-5pm

Venue: Online (zoom)

Target Audience: EYFS and Key Stage1 Practitioners

Brief course outline:

- Explore ways of introducing sewing and weaving, with examples and ideas.
- Find ways of sourcing or creating resources in a sustainable way.
- Understand the benefits of sewing and weaving.

Learning outcomes:

- To be able to support and introduce skills and techniques for sewing and weaving with children.
- To feel confident to start sewing and weaving in your own learning environment with minimum expense.
- To support and develop the learning that happens including: physical development, communication & language and mathematical development.

Copies of a risk assessment and information regarding skills and equipment will be sent after the course for those who attend.

Tickets are FREE, so book your space now!
