

Introducing cooking to young children

online training course

Date: 25th April 2024

Time: 4-5pm

Venue: Online (zoom)

Target Audience: EYFS and Key Stage 1 Practitioners

Brief course outline:

- Discussion about how cooking can be integrated into a setting or school.
- Understand the wide range of learning and skills that come from cooking.
- How we focus on the whole - from sourcing the ingredients to sharing what we have made.

Learning outcomes:

- Understand the impact and benefits of cooking for children's all-round development and how this links specifically to many areas of learning.
- Develop the knowledge and confidence in cooking with children from 2 to 5 and also children with Special Educational Needs.
- Gain confidence in introducing cooking opportunities in your own learning environment.

Tickets are FREE, so book your space now!
